## WORK HARD. WEAR RASCO.

2020 is finally here and Rasco is excited to provide you with the latest innovations in workwear. Over the past year, Rasco has increased the quality and durability of its workwear line.

First in Safety® Rasco has been making workwear since 1988 and FR workwear since 2001. Our FR garments are engineered to protect workers from electric arc flashes and flash fire hazards, and are guaranteed to be flame resistant for the useful life of the garment, provided that the care instructions are followed. Rasco believes that everyone deserves to work safe, which is why it is our mission to deliver high quality workwear at an affordable price.

# SAFETY STANDARDS

For more information regarding any of these products, please visit [www.rasco.com](http://www.rasco.com)

### CSA Z462

This standard addresses electrical safety requirements for Canadian employees. CSA Z462 is aligned with the U.S. standard, NFPA 70E.

### CGSB 155.20

The minimum requirement for performance of workwear worn for protection against exposure to hydrocarbon flash fire.

### NFPA 2112- CERTIFIED BY UL

Rasco FR offers flame resistant protective garments that are certified by Underwriters Laboratories to meet the requirements of NFPA 2112 Standard on Flame Resistant Garments for protection of Industrial Personnel Against Flash Fire, 2018 Edition. UL has certified that Rasco FR garments are compliant with NFPA 2112 after 100 industrial washes.

### CSA Z96-15

Canadian Standards Association requirement for high-visibility safety apparel. This standard is to ensure a minimum level of visibility is maintained in the workplace.

### HOME WASH

Home Wash- Laundering in a residential washing unit followed by tumble drying.

### INDUSTRIAL LAUNDER
